Languages/Frameworks: Android, Kotlin, C, Java, HTML, CSS, MySQL.

Others: Git, Github, Gradle, Firebase, Linux, SQLite, JSON.

Project Experience

News24x7- [play.google.com/News24x7](https://play.google.com/store/apps/details?id=com.vikasdesale.News24x7)

May 2017

- Implemented my custom app using the full gamut of the Android framework, including a Material user experience and the use of a variety of Google Play services.
- This app allows the user to read or listen to news which comes from more than 70 sources. Users can also save the news for offline listening or reading. Uses custom news notifications.

Movies World- [play.google.com/Movies World](https://play.google.com/store/apps/details?id=com.vikasdesale.MoviesWorld)

January 2017

- Built an app, optimized for tablets, to help users discover popular and highly rated movies on the web. It displays a detail whenever a particular movie is selected, allows users to save favorites, play trailers, and read user reviews.
- Implemented using core Android user interface components, Retrofit, Material Design, theMovieDB API. Currently, the app is under Beta Testing.

Wings 2K16- [github.com/extra activity/Wings2K16](https://github.com/vikasdesale/Wings2K16)

February 2016

- Developed an Android application for Wings 2K16 National Level Technical Fest of College.
- Uses Material Design to implement the interactive user interface. Also, uses the functionality of Google Map API for displaying event location and Google Forms for recording user experience at the event.
- Implemented Backend Server using PHP which provides JSON responses to the app.

MSBTE Exam Tool-[play.google.com/MSBTE Exam Tool](https://play.google.com/store/apps/details?id=com.vikasdesale.MSBTEExamTool)

April 2014

- Built an Android application as a last year's project that helps diploma students by providing study material.
- Available on Google Play Store with 5000+ downloads.
- The app uses cloud data storage and basic components of Android.

Education

Nanodegree Credential, Udacity (Android Developer)

June 2017

Government College Of Engineering, Aurangabad

BE (Computer Science and Engineering)

CGPA 8.1/10

May 2017

K.B.H.S.S' Trust Polytechnic, Malegaon, Nashik

Diploma (Computer Technology)

Percentage 85.87%

May 2014

V.B.H. Vidyalaya, Kalwadi

Class 10th

Percentage 81.64%

March 2011

Achievements

- CodeVita-2016:** CodeVita is annual Programming contest conducted by TCS. **Team: CompSA(AIR 886)**
